KM070 The Cooking Chef RRP \$1,999

NEW RELEASE. A REVOLUTION IN THE KITCHEN!

The Kenwood Cooking Chef is a powerful, multi-purpose mixer with the ability to cook and stir at the same time. It has versatile functions that can adapt to every food preparation requirement with remarkable precision for professional results. The Cooking Chef is the first planetary mixer with 1000W, patented, induction cooking technology system that cooks directly in the mixing bowl. The temperature ranges in 2°C between 20°C to 140°C in the 3L cooking capacity bowl. This unique function makes light work of dishes that require attention and precision making. With the planetary mixing action, the Cooking Chef has 8 speed variable control with pulse and fold functions for maximum control.

- Powerful 1500W for mixing and 1100 watts for cooking
- Planetary Mixing action
- Induction Cooking System cooks directly in the mixing bowl
- 6.7L bowl capacity, 3L cooking and mixing capacity
